## SAFETY IS OUR #1 PRIORITY

The **LOW WOBBLE TRAP**, as the name implies, throws clay targets randomly..... high, low, left & right.

At each of six stations, the shooter gets a single clay target that can be shot at twice. After all shooters shoot singles, the shooter gets a report pair of targets. Again, after all shooters shot the pair, the shooter gets a second report pair of targets. The shooters then rotate to the next station, and repeat the sequence.

Skeet and trap fields are also open.

Low Wobble Cost: 30 clays for \$5.

Club memberships are available.

Enjoy archery, pistol, action pistol, rifle, muzzle loader, skeet, trap, & more.
