**PRACTICE/SWINGERS:** There will be no sighting-in sessions or practice shots at "swingers".

**SCORING:** One shot per target. Hit or miss, you move on to the next target. High score is most targets knocked down. \*Targets must be knocked over to score a point. If any targets are knocked down due to causes outside of the bullet hitting the target, targets may be reset once all the shooters of the relay have finished.

All shooting is done standing off-hand, conventional 2-handed grip only with the firearm unsupported.

You will be paired-up with a partner for the match. The relays will consist of a shooter and a spotter, simply changing roles as spotter and shooter when the other finishes their relay. The two most important responsibilities of the spotter is to ensure their partner is abiding by the safety rules and to record their score accurately.

Please be sure to read and edify yourself on Clairton Sportsmen's Club pistol range safety rules. These will be adhered to with no exceptions.
