- **The GUEST FEE for members bringing a guest to shoot Off Hours will be raised to \$10 beginning June 1st.**
- The Clubhouse has been experiencing a drainage issue with rain water, resulting in water entering the Clubhouse main hall on several occasions. The drainage piping has been inspected using cameras. A significant blockage has been found that cannot be removed by snaking. Also, 4 inch drains from both sides of the building come together into a 4 inch drain pipe which is too small to handle the rain from the roof area. We will be excavating in the parking lot in front of the clubhouse to remove the blockage and install 6 inch piping.
- **SBA CELL TOWER:** We're starting to see interest by SBA to move forward with the Permanent Cell tower. More info to follow.
